trainings and retention, and promoting policies that support student achievement. I have seen the importance of having qualified teachers who receive the resources and support they need to help students thrive. I will support policies that attract and retain the best educators and ensure they have the resources they need to succeed.

I will work to build strong relationships between our schools and the broader community to provide opportunities for our students to excel and prepare for their own future, in college careers or tradesworker programs.

current veteran educator, and community leader has prepared me well for this role. I have experience working within our community and understand the importance of collaboration and teamwork. As a parent of three children who attended public schools, I know firsthand the challenges that students and teachers face in our education system.

I am passionate about providing every student an education that will set them up for the future. I am committed to creating excellent education opportunities for all students and bringing my passion, experience, and commitment to the school board. I humbly ask for your support and your vote.
